

Do you work with low-income or vulnerable families?

Here's how to signpost them to **FREE HAPpy school summer holiday provision**

What is the Holiday Activity Programme (HAPpy)?

The Holiday Activity and Food Programme (HAF) is a scheme for school-age children who are in receipt of benefits-related free school meals (BR-FSM). In Hertfordshire, it is branded as the Holiday Activity Programme (HAPpy).

The programme offers FREE holiday activity places to eligible children during the Easter, Summer, and Christmas school holidays. Each programme day is a minimum of 4 hours long and includes physical activity such as sport or dance, enrichment or creative time and a daily meal. All camps are SEND-inclusive and SEND-specific camps are also available for those with more profound needs (session lengths may vary for SEND-specific camps).

Who is eligible?

- Children and teens from Reception to Year 11 who live in Hertfordshire and get benefits-related free school meals can attend this fully funded provision.
- A limited number of places are also available on a referral basis for children who are experiencing vulnerability, for example:
 - Those assessed as in need, at risk or vulnerable
 - Children living in areas of high deprivation or from low-income households
 - Looked-after or previously looked-after children
 - Children with an EHCP
 - Children with low attendance rates/ risk of exclusion
 - Children struggling with transition between different phases of school
 - Migrant refugees and asylum seekers
 - Young carers

Referral applications must be made by an appropriate professional or organisation on behalf of the child. Referral places are intended for those who do not have the means to afford equivalent provision.
