

Report from the School Games Celebration Event

On Friday 4th July, Otto and Thomas from St Peter's School had a very special opportunity to be comperes at the Hertfordshire School Games Event, where they had to open the games and give a speech. They also had the opportunity to interview Athlete Mentor, Harry Aitkins–Aryeetey, on stage in front of hundreds of children from around the county.

“We loved Harry’s inspirational speech and learning about his journey as an athlete.”

“It helped us to remember to keep on trying our best, even when it’s hard or we don’t do well the first time or we get injured.”

After this, they joined Sophie and Mahja to be part of the media team and VIPs. The day included meeting famous people, taking part in activities and touring Harry Aitkins–Aryeetey around. Our school took part in the Inclusive Games and had a great time trying out new sports.

Overall, it was an amazing experience and they hope to do it again in the future!

“It made me feel important to go around and see all of the different activities.”

“It was great to see everyone having fun and getting to join in the circus skills was fun.”

“My favourite part was getting to go in the VIP area and getting free apple juice!”

“The children and teachers were so excited to meet the VIPs and we get to be in charge, which was great!”
